How does Code for America's Clear My Record technology work in Yolo County ?

Clear My Record is technology that can automatically and securely evaluate eligibility for convictions by reading and interpreting criminal history data from the CA Department of Justice. It can analyze eligibility for thousands of convictions in just a few minutes, using a District Attorney's eligibility criteria.

This alleviates the need for DA staff to go through state criminal records one by one to evaluate eligibility, a time and labor intensive process. Streamlining conviction data processing will also make it easier for the courts to update records.

About Code for America

Code for America believes government can work for the people, and by the people, in the digital age, starting with the people who need it most. We build digital services that enhance government capabilities, and we help others do the same across all levels of government. We organize thousands of volunteers across nearly 80 chapters nationwide who improve government in their local communities. Our goal: a 21st century government that effectively and equitably serves all Americans. Learn more at codeforamerica.org.
